Great Falls, VA 22066-1620

Subject: Label Amendment – Minor Label Revisions
Product Name: NEU1171H RTU
EPA Registration Number: 67702-18
Application Date: 7/13/2017
Decision Number: 531480

Dear Mr. Talarek:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

EPA Reg. No. 67702-18
Decision No. 531480

with FIFRA section 6. If you have any questions, please contact Sarah Meadows by phone at 703-347-0505, or via email at meadows.sarah@epa.gov.

Sincerely,

A handwritten signature in black ink, reading "Kathryn V. Montague". The signature is fluid and cursive, with a long horizontal line extending from the end of the name.

Kathryn Montague, Product Manager 23
Herbicide Branch
Registration Division (7505P)
Office of Pesticide Programs

Enclosure

ACCEPTED

11/17/2017

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No. 67702-18

NEU1171H RTU

Active Ingredients:

Ammoniated soap of fatty acids	3.68%
Maleic hydrazide.....	0.50%
Other Ingredients:.....	95.82%
Total:	100.00%

KEEP OUT OF REACH OF CHILDREN

CAUTION

Home and Garden Use: NET CONTENTS: 8 fl. oz., 16 fl. oz., 24 fl. oz., 27 fl. oz., 32 fl. oz., 54 fl. oz, 64 fl. oz., 1 gallon, 130 oz , 55 gallon, 200 gallon, 211 gallon (800 Liters) and 250 gallon

FIRST AID	
IF IN EYES	-Hold eye open and rinse slowly and gently with water for 15-20 minutes. -Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. -Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor or going for treatment. For emergency information concerning this product, call the poison control center 1-800-222-1222. [Alternately subregistrants can insert their own toll free emergency number]	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

This product may be hazardous to aquatic invertebrates. Do not apply directly to water. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

[Use one of the following two sections:]

[Application Directions

Shake well before using. Spray weeds until foliage is wet. Thorough coverage is important. For spot treatment of individual weeds, apply the solution to the center of plant. Repeat treatment to control newly emerged weeds growing from seed and re-growth from biennial and perennial weeds. Avoid spraying desirable plants. Contents of this container will cover XXXX square feet.

Use Sites:

Use on (weeds), (grass), (moss), (algae), (brush), (vines) and (in areas where tough weeds are invading your yard) including around and on buildings and other structures, around sidewalks, fences, driveways, patios, foundations, gravel, flower gardens, landscaped areas, trees, shrubs, wooded and vacant lots, fields, trails, garden plot preparation, and other areas of (in) your yard.

Pests:

Controls or suppresses most weeds, grasses, moss and algae, such as (but not limited to): annual bluegrass, barnyardgrass, black medick, broadleaf filaree, broom*, burclover, cat's-ear, common chickweed, common groundsel, common lamb's-quarters, corn spurry, creeping buttercup, curled dock, dandelion, English daisy, false dandelion, fiddleneck, fleabane*, foxtail fescue, geranium species, horsetail*, kudzu*, large crabgrass, lady's-thumb, locoweed, low cudweed, lupine, mouse-eared chickweed, mustard species, oxalis, plantain species, poison ivy*, poison oak, red clover, redroot pigweed, round leaved mallow, rush, sheep sorrel, shepherd's-purse, spiny annual sowthistle, stinkweed, wild blackberry*, wild carrot, wild hyacinth and white clover.

**not for use in California*

Contact with poison oak or poison ivy anytime of the year can cause an allergic reaction. Handle dead plants with rubber gloves. Dispose of plants and rubber gloves in tightly sealed garbage bags.

STORAGE AND DISPOSAL

STORAGE: Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals. Store unused material, tightly closed, in original container only, away from open flame. Do not store at temperatures below 39°F.

DISPOSAL:

If empty: Nonrefillable. Do not reuse or refill this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Surface Water Advisory: Under some conditions, maleic hydrazide may have a significant potential for runoff into surface water (primarily via dissolution in runoff water), for several days post-application. Conditions favoring runoff include poorly draining soils or wet soils with readily visible slopes, frequently flooded areas, areas where an intense or sustained rainfall is forecast to occur within 48 hours, areas overlying extremely shallow ground water, and areas overlying tile drainage systems that flow to surface water.

{OPTION 1}

{OR}

{OPTION 2}

[How To Use Your Sprayer:

1. Remove ERGO-GRIP spray wand from pocket

- Remove wrap from coiled hose
- Remove protective battery strip from sprayer handle

2. REMOVE STICKER & CAP COVER

3. CONNECT HOSE TO CAP

Insert plug at end of coiled hose into hole on cap and push firmly until secure.

Remove sticker and cap cover before inserting hose plug.

4. OPEN SPRAY WAND

- Unfold spray wand until it snaps into place
- Point spray nozzle away from body.
- Adjust spray nozzle to desired setting.

5. TURN POWER ON

Slide OFF-ON switch to ON position.

6. SQUEEZE

- Squeeze trigger to dispense product. Sprayer may require several seconds to prime before product is released.
- Release trigger to stop spraying.

4 AA Batteries Included

For important battery information – see booklet.

Storage

- Slide OFF-ON switch to OFF position.
- Do not unplug hose. Leave connected to cap.
- Turn spray nozzle to the off position.
- Fold spray wand down against sprayer handle.
- Return ERGO-GRIP spray wand to pocket for storage.

To Replace Batteries

- Open battery compartment [with a small screwdriver].
- Remove used batteries and replace with new batteries in correct position as indicated inside battery compartment.
- Securely close battery compartment door [and screw closed].

Proper use of Batteries

- Never mix old batteries with new.
- Do Not mix Alkaline with Standard (carbon zinc) or Rechargeable (nickel cadmium) batteries.
- When storing sprayer for long periods, remove batteries to prevent leakage.
- Dispose of used batteries according to manufacturer's instructions or in household trash.

]

[Marketing claims and product information that may be presented on the container or supplemental labeling:

- Kills the toughest (weeds), (grasses) and (brush) including (Poison Ivy*), (Poison Oak), (Broom*), (Kudzu*), (Wild Blackberry*) and other listed plants.
- Kills tough, brushy, hard-to-control weeds
- Brush and vine killer
- Blackberry*, brush and vine killer
- Kills nuisance blackberry plants*
- Visible results in 24 hours.
- This product can be used for habitat restoration and site preparation of wildlife food plots.
- To kill vine weeds: If vines are growing up poles, fences or tree trunks with mature bark, cut vines at base and treat as directed. If spraying re-growth, shield shrubs and tree trunks from spray drift with a sheet of cardboard or plastic.
- To kill Wild Blackberry*: Spray anytime plants are actively growing. Dead canes should be cut down and removed. Reapplication is often required to kill deep roots.
- To kill Kudzu*: For best results, apply in mid to late summer when vines are mature and actively growing.
- Kills Roots!
- Kills tough (brush)(blackberry*)(poison ivy*)(broom*) and (weeds)- Roots & All
- This product kills the tough brushy & viney weeds, roots and all.

- This convenient ready-to-use formula controls (Poison Ivy*), (Poison Oak), (Blackberries*), (vines), (brambles), and (Kudzu*)
- Over XXX hard-to-Kill plants in all.
- Eliminating unsightly brush, vines, brambles, and weeds for your home's landscape has never been easier!
- Works systematically, killing weeds to the root
- Special penetrating formula kills even the toughest plants
- Kills poison ivy* and poison oak in non-garden areas - around homes, cabins, buildings, fences, and trails
- *Not for use in California
- Maleic hydrazide prevents re-growth (from the roots up)!
- Ammoniated salts of fatty acids burn down weeds and Maleic hydrazide prevents regrowth
- A broad spectrum herbicide for vegetation burndown and re-growth prevention
- Easy to Use!
- Ready-to-Use!
- Simple to use!
- Eliminates unwanted vegetation quickly
- Weeds, Grass, Moss & Algae
- Won't stain (bricks), (concrete) or (asphalt)
- Non-staining (formula)
- Does not (Doesn't) stain (bricks), (concrete) or (asphalt)
- Kills within hours
- Kills (weeds), (grasses), (algae), (vines), (brush) and (moss) quickly (and effectively)
- Kills (weeds), (grasses), (algae), (vines), (brush) and (moss) rapidly (and effectively)
- Kills (weeds), (grasses), (algae), (vines), (brush) and (moss) fast (and effectively)
- Kills (weeds), (grasses), (algae), (vines), (brush) and (moss) within (minutes) (hours)
- Kills rapidly
- Rapidly kills (weeds), (grasses), (algae), (vines), (brush) and (moss)
- Quickly kills (weeds), (grasses), (algae), (vines), (brush) and (moss)
- See results in hours
- See results in (one)(1) hour
- Kills in hours
- (One)(1) hour technology
- (One)(1) hour results
- Visible results (with)in (one)(1) hour
- Visible results (with)in XX hour(s)
- Rainfast in 3 hours
- Significant control visible in 4 (four) hours
- People and pets can enter treated area once spray has dried
- See results quickly
- See rapid results

- See results fast

- Works rapidly!
- Non-selective
- Prevents plant regrowth
- Controls most weeds and grasses.
- Prevents plant regrowth for up to 6 weeks.
- Controls most weeds and grasses for up to 6 weeks.
- Long lasting
- Long term control
- Get down to the root
- Kills tough weeds – roots and all
- Kills Weeds- Roots & All
- Kills (weeds), (grasses), (algae), (vines), (brush) and (moss)
- Controls (weeds), (grasses), (algae), (vines), (brush) and (moss)
- NEU1171H is a fast-acting (weed), (grass), (algae), (vines), (brush) and (moss) killer.
- Fast-acting (weed), (grass), (algae), (vines), (brush) and (moss) killer.
- NEU1171H does not stain (concrete), (pavement), (stucco) or (wood).
- NEU1171H will not stain (concrete), (pavement), (stucco) or (wood).
- NEU1171H is a non-selective herbicide that controls many common annual weeds.
- NEU1171H suppresses the growth of many biennial and perennial weeds.
- NEU1171H controls or suppresses most (weeds), (grasses), (algae), (vines), (brush) and (moss)
- NEU1171H controls (weeds), (grasses), (algae), (vines), (brush), (moss)
- NEU1171H suppresses most (weeds), (grasses), (algae), (moss)
- NEU1171H can be used in cultivated areas prior to planting grass, flowers and vegetables.
- Areas can be re-sown five days after treatment.
- NEU1171H can be used on (weeds), (grasses), (algae), (vines), (brush), or (moss) growing on or around (buildings), (sidewalks), (fences), (trees), (bark mulch), (driveways), (patios) and (gravel).
- NEU1171H can be used at any time during the year.
- Use anytime during the year!

- Best results are obtained with young, actively growing weeds, less than five inches in size.
- Tough on weeds, easy on the environment
- Sold under a license of W. Neudorff GmbH KG, Germany.
- Manufactured under a license of W. Neudorff GmbH KG, Germany.
